好的 感謝曬..民生同外運都升太慢了 所以差唔多就回本呢

民行都叫跟個指數行吓，隻外運就破位升唔穿，差d

係咯.所以 外運一到價位就走

希望呢兩日做到，耐就唔多受

聽日唔的都放呢 好多好噏股票入唔到 冇錢

以為會睇埋星期五添~ 不過喺第二d度賺返仲好

無辦法啦，要調動資金置業，差好遠呢~

唉.又話會有厲好消息.拖左我  
成個月 我媽咪一買只華泰 又  
漲成七個點..

老闆比料，要睇吓時間幾耐  
啦，太長，值搏率唔高

佢話好快的.

算啦.都係穩陣d睇好幾隻 唔好  
聽人地講甘多.

我都想話媽咪好犀利呀，買親  
隻隻都升，漲停添~

Xiao – X Cat - C

C – Help me look for a good time to dump Ming-Sheng take the money and buy Pu-Fa.

C – When Honk Kong stock Kun-Ming umps four dollars dump it and transfer the funds to interior

X – Ming-Sheng Bank noon closing at 10.43, highest was 10.61, uptick price halted at 11.46, will check if it rebounds up in the afternoon, let go around 11

C – Let go at 10.6 its too slow

X – I will list it for you to sell 50000 shares of Ming-Sheng Bank at 10.60

X – How do you want Pu-Fa listed

C – OK

C – Anything under 16 will be ok

X – Will list it after sale of product

X – Will buy about 30000 shares

C – No problem listing buy first. Do I have over a million cash leftover

X – 780000

C – Enter buy first

X – At what rate

X – Noon closing at 15.90

C – If possible 50,000

X – It will be a little short, but if you sell Ming-Sheng first then you can buy it

X – Best if order 40000 today first, tomorrow when the money returns then you can fill-in the rest

C – First buy 40000, can I immediately use the funds when I have sold Ming-Sheng

X – A stocks + transaction, allows you to immediately use, only that the accounting will be slightly complicated

C – First things first. Enter Pu-Fa when you can get it

X – I will list the sale of Ming-Heng first

X – In a moment I will check on the price for Pu-Fa

X – OK

X – List sale 50000 shares of Ming-Sheng Bank (600016) 10.6

X – The market is tight, may not happen

X – Tomorrow's available funds are:

Mom's account CNY 815,174.86

Own account CNY 787,563.18

C – No problem.

C – Alright thank you very much..Ming-Sheng and Foreign Transportation both go up too slowly therefore its about time to dump them

X – Ming-Sheng goes with the index, Foreign Transport could not break out, a bit shabby

C – Yes. So sell when Foreign Transport hit the bench mark

X – Hope we can get it done in two days, then there will be no problems

C – Tomorrow we are dumping saw a lot of good stocks but no money

X – I thought it will look better Friday, but it's a second rebound

X – Got no solution, need to transfer funds buy properties, a long way to go

C – Sigh. There was some good news. Hung on to me for a month my mother bought Hua-Tai and it went up seven points..

X – The boss's expectations, must see how long it takes, too long, return rate not high

C – He said he was very quick

C – Forget it. Its best to safely look well at a few don't listen to other people's words

X – I am thinking mom was pretty sharp, everything she bought went up, rose stopped then added
